**Lunch with Blossom** 2022, Acrylic on canvas,  
31x 31 inches, \$1200

I enjoy painting things that make me smile. Watching my daughter Blossom sitting at home, with the dogs, enjoying her lunch with the warm sun shining in from the side window inspired me to capture that sweet moment in time.

I chose warm glowy colours for the things that are closer to the light like the dining table, Blossom, our poodle Brownie and cooler colours for our Maltese Snowy and the floor.

**3 little ones**, 2023, Acrylic on canvas, 20 x 16 inches, \$800

It is always a joy watching my 3 dogs basking in the sun.

I wanted to capture the different expressions on their faces. Momo enjoying the breeze, Snowy doing his yawn and Brownie just chilling.
